

**SOSTRAVEL: AGREEMENT WITH ITAKA HUNGARY FOR
“AMARECLUB ACQUA DI MARE HOTEL & RESORT”**

Rome, April 15, 2026 – [sostravel.com](https://www.sostravel.com) S.p.A. (Euronext Growth Milan, ticker: SOS), a travel tech operator offering digital services for bookings, itineraries, and proprietary services that simplify the travel experience through the Sostravel and Flio apps and the platforms www.sostravel.com and www.amare.travel (“**Sostravel**” or the “**Company**”), announces that it has entered into a commercial agreement with the international tour operator Itaka Hungary (“**Itaka**” or the “**partner**”) for the marketing of the new “AmareClub Acqua di Mare Hotel & Resort”, a 4-star resort located in northern Sardinia, consisting of a 139-room hotel and 54 apartments/residences, managed by the NewCo of the “Amare Gestioni S.r.l.” group, effective from the 2026 summer season.

Itaka Hungary is the Hungarian subsidiary of **Itaka Holdings**, one of the leading independent European tour operators, active in the organization and distribution of travel services.

The group offers holiday packages, flights, and tourism services, with a strong presence in the Czech Republic, Slovakia, and Hungary. In this context, Itaka Hungary operates in the outbound leisure segment, contributing to the development of tourist flows toward the main Mediterranean destinations.

The agreement provides for the allocation to the partner of a guaranteed room allotment for the period June – September 2026, with a seasonal purchase commitment that will contribute to improving revenue visibility and increasing occupancy rates during peak demand months.

The allocated allotment represents approximately 10% of the total accommodation capacity of the property, helping to strengthen booking flow stability and optimize the use of hotel capacity during the reference period.

The agreement is part of the broader strategic review launched by the Company in 2025, aimed at strengthening its positioning in the hospitality segment and improving the quality and predictability of revenues through structured commercial partnerships with leading international tour operators.

This approach allows the Company to combine guaranteed booking volumes with the enhancement of the property’s accommodation capacity, contributing to an improved revenue mix and operating margins.

At the same time, collaboration with internationally recognized partners such as Itaka enables the expansion of the customer base on a geographical scale, with a particular focus on high-potential European markets.

The Company intends to continue along this strategic direction by signing further similar agreements with international tour operators, with the aim of consolidating its presence in the hospitality segment and increasing revenue stability over the medium to long term.

Carmine Colella, CEO of sostravel, stated:

“We are very pleased to have signed, in the first weeks of the property’s operations, an agreement with a leading international tour operator active in the main European markets. This collaboration represents a first concrete confirmation of the validity of the strategic review launched in 2025. We believe that integration into the hospitality segment represents an important lever to support the Company’s growth, improving revenue visibility and operational stability over the medium to long term.”

This press release is available on the Company’s website in the section “Investor Relations / Price Sensitive Press Releases”, as well as on the authorized storage mechanism (SDIR) “1Info” available at www.1info.it.

Information on Sostravel

Sostravel is a company offering digital services to travelers and operates through the Sostravel and Flio apps and the web platforms www.sostravel.com and www.amare.travel.

Sostravel offers a range of Private Label travel solutions for destinations such as Sardinia, the Red Sea, and Kenya, and develops digital solutions for travelers, such as the Lost Luggage Concierge for luggage tracking and protection, and Dr. Travel, a telemedicine solution for travelers.

Over 1 million travelers worldwide have used Sostravel as a travel companion to find offers and receive information to improve the quality of their journeys.

Sostravel offers investors a unique exposure to two high-growth sectors: leisure travel and digital passenger services.

The Company’s shares and warrants are traded on the multilateral trading facility known as Euronext Growth Milan (ticker: SOS).
